

Garden Grow is a premium **LIQUID** fertilizer designed for use by the home and professional gardener to provide a full, balanced fertility program. The nutrients in **Garden Grow** are combined and protected by organic Flavonol to enhance usability and optimize yield potential. Environmentally friendly **Garden Grow** provides the nutrients needed for healthy, vigorous production of most home and commercial garden crops.

Guaranteed Analysis:

Total Nitrogen	12.00%
1.50% Nitrate Nitrogen	
4.50% Ammoniacal Nitrogen	
6.00% Urea Nitrogen	
Available Phosphoric Acid (P₂O₅)	15.00%
Soluble Potash (K₂O)	3.00%
Copper (Cu)	.05%
Iron (Fe)	.10%
Manganese (Mn) (Soluble)	.05%
Zinc (Zn)	.05%

Technical Data

Net Weight per gallon	10.74#
pH @ 60°	6.20
Freezing Point	5°F
Relative Salt Index	6.70

Physical Description

Under normal conditions **Garden Grow** is a clear/green odorless liquid

Environmental Concerns

No detrimental Environmental implications	
EPA Hazardous Substance:	NO
Ingestion Hazard:	Low Oral toxicity
Skin Hazard:	Low Irritation Potential
Eye Hazard:	Low Irritation Potential

General usage guidelines: **Commercial-** Apply at least 1 inch to side and 1 inch down from seed placement at a rate of 3 to 15 gallons per acre depending on soil test fertility recommendations. **Home or Truck Garden-** Dribble in prepared row, before dropping seed, at a rate of .04 oz. per linear foot. 2. Mix in ratio with water at 1:100 - Flood base of growing garden plants and transplants with approximately 1-2 qt of solution. **Garden Grow** may be effectively incorporated with **LIQUID** foliar fertility as part of a high performance garden fertility program.
